April 18, 2017

Subject: Building Notes

April has been a month that has provided several excellent learning experiences for our students. Students and teachers have worked extremely hard to prepare for the state's standardized tests. Teachers have met in departments to compare their formative testing results with their curriculum maps to make sure that all the standards for the classes have been taught, and in some cases, if they need to be retaught. I would like to commend the students for how hard they have worked so far on the tests that began March 29. I would also like to thank Mark Koch and Kristi Fisher for being the "go to" people for testing. Another huge thank you to Mark Selvaggio for overseeing the whole district in the standardized testing process. They all have done a tremendous job.

The student council raised \$2,400 for Pennies for Patients. Student council is a truly student centered program that is overseen by Joni Wade. The students plan, organize, and facilitate this fundraiser.

Finally, I would like to thank Kim Dirr and Julie Koch for their help in organizing and facilitating all the events and day-to-day operations at Wapakoneta Middle School. They truly are the glue that holds everything together.
